Gatekeeping Assignments: TBD

Please check for schedule changes at the lodge or at registration.

I don't like to be a hard-ass on this, but it is your duty to complete your gatekeeping assignment. Just because there are two on a shift doesn't mean you can skip out. You CAN split a shift with your partner.

At the last race at Wildcat, only one person showed up to gatekeep during the men's race, and she wasn't even racing. I know it was cold, but all the more reason not to leave someone else standing there beyond their shift.
